Building the ITL2 regional panel: 12 sources, 7 themes

Most of the panel comes from administrative records and the Census; surveys are used where no admin source exists

Source type: Administrative · Admin + Census · Mixed (admin + survey) · Survey

Red = the outcome (secure LBD data). All series on ITL2 regions (41 on 2021 boundaries, 46 on 2025); counts summed from local authorities, rates derived at ITL2.
